4,000 New Residents For Daly City

The annexation of some 400 acres of Bayshore City to Daly City becomes official Thursday.

At that time, Daly City's population will jump from 52,800 to 57,000 with the addition of 4,000 Bayshore City residents.

The assessed valuation of Daly City will gain by $4 million—from $63 million to $67 million.

Daly City will also gain 10 additional firemen, with the dissolution of the Bayshore Fire District. Five new policemen have been added to the Daly City police force to police the Bayshore area.

The area voted into Daly City contains between $4½ sed valuation plus potential and $5 million dollars in asses- industrial land.

The 55 businesses in the Bayshore district have an annual sales tax value of $90,000 which will now acrue to Daly City.

The impetus to annex to Daly City came from a Bayshore City Citizen's Committee formed to protect the Bayshore City Sanitation District and Fire District from an annexation move by Brisbane.

Brisbane petitioned to annex some 15 square miles of industrial land, including parts of Bayshore City.

This move would have removed much valuable tax-paying properties and either increase Bayshore taxes or lower services.

Attempts by the Cow Palace board of directors to prevent annexation of that facility to Daly City included a special bill in the legislature. This move was stopped by action from interested parties in Daly City and by Bayshore residents.

Residents of Bayshore July 2 voted 543 in favor of annexation and 116 opposed to the move. There are 922 registered voters in the area to be annexed.

Brisbane Vs Bayshore In Fire Dispute

The City of Brisbane, in an apparent attempt to hold onto services of the Bayshore City fire department, Monday night served an injunction to halt dissolution of the Bayshore City Fire District.

Tentative hearing date on the injunction was set for Aug. 26 in San Mateo County superior court.

Brisbane has its own fire department, but the industrial areas annexed to Brisbane east of the Freeway are in the Bayshore fire district. Brisbane is faced with extending fire services into the recently annexed properties.

The dissolution of the Bayshore Fire District must be accomplished before Daly City can legally furnish fire protection to the Bayshore City area.

September 1 was tentatively set as a date on which the fire district would cease to exist. At that time Daly City was to take over operations of the Bayshore City fire department.

The injunction was served on secretary of the Bayshore Fire District, William Glenn Weman by Brisbane City Attorney Conrad Reisch following a county of the dissolution vote which stood at 260 in favor and 12 against dissolution.

Brisbane Attorney Reisch said Brisbane is asking for withdrawal proceedings in which Brisbane would be entitled to fire protection from Bayshore Fire District until the end of the fiscal year or June 30,1964.

Under the present dissolution proceedings, Brisbane would lose Bayshore Fire Protection immediately with the dissolution of the district.

Man Survives Near Fatal Heart Attack

Harry G. Johnson, 53, 286 Los Banos, is in fair condition at San Mateo General Hospital following a near fatal heart attack at his home last week.

Daly City firemen, called to Johnson's home August 16, administered oxygen and called for an ambulance.

Two-way Radio Taken

A San Francisco resident, Joseph P. Colligan, 345 Fulton St., told Daly City police that someone had taken his two-way "citizens band" was at Thornton Beach Auwas at Thornton Beach August 14.

Temper Goes, Door Goes, Man Goes to Jail

An apparently intoxicated man who was refused service at Gee's Chinese Restaurant in the Pacific Manor Shopping Center, Pacifica, lost his temper Saturday, kicked a customer and wrecked the glass front door of the restaurant.

Police booked the man, John R. Lewellen of 3735 Lincoln Annex, Pacifica, on charges of drunk in a public place, assaults and battery, malicious mischief and resisting arrest.

According to police reports, Lewellen entered the restaurant, apparently in an intoxicated condition, was refused service and began insulting a customer's wife. He followed the pair outside and booted the man after some heated words were exchanged. A fight followed.

Lewellen later attempted to re-enter the restanuant, and, finding the door locked, kicked in the glass.

He was taken to San Mateo Community Hospital for treatment of cuts on his face from the fight and cuts on his leg from broken glass.

He refused treatment and was taken to jail.

Woman Hurt In Fall From Pickup Truck

Grace D. Dowd, 65, of 1032 South Mayfair Ave., received multiple lacerations and a chipped right elbow when she fell from a moving pick-up truck near her home.

She has been admitted to Peninsula Hospital, Burlingame, where her condition is listed as satisfactory.

A Branch Is Missing

Jerry Nissim, 18 Lakeview Dr., reported to police Monday that someone took a limb from his mulberry tree. The tree was planted in front of his house.

COUNTY OFFICES — Last week signalled the completion of the new five-story office building in Redwood City. The $3 million structure was over two years in building and has 80,000 square feet of office space.

Moving Job Complete

Moving of nine departments into the new five-story county office building in Redwood City was completed last week.

The $3 million structure was over two years in building. It has 80,000 square feet of office space, plus a full basement with its own freight elevator. Movable metal partitions used on all floors can be adjusted to meet changing conditions without disrupting activities of the staff. There are few floor-to-ceiling walls, each floor has its own room for meetings, conferences, etc.

The building was designed by local architects with initial planning and layout by the county office of building construction. A strike delayed completion more than three months. Dedication ceremonies are planned for early October after departments are settled in their new quarters.

The county schools department has moved from several scattered rented locations to take over the entire first floor. This will be the first time all divisions will be under one roof in many years.

On the second floor are the offices of the planning department, building inspection and veteran's service officer, all moving from the old courthouse. A complete new telephone switchboard has been installed on this floor, giving countywide service. It will eliminate long distance and message unit charges, thus saving the county thousands on its phone bill. The office of civil defense is moving from the central fire station near Belmont to the second floor.

The third floor has been taken over by the road and engineering department and the parks and recreation department, the latter moving from Flood Park headquarters.

The adult probation department moved from the Hall of Justice to the fourth floor of the new building. The district attorney's office will expand by taking over the old probation quarters.

The office of building construction and general services occupies the east side of the fifth floor. A coffee shop is also located on this floor. Other available space on the fourth and fifth floors is as yet unassigned.

Plans are still up in the air for the old domed courthouse building. It may be necessary to remodel some areas to provide more court rooms. A third municipal judge for the southern district is expected to be appointed soon and presently there is no space available. Veto by the governor of two new superior court judges delays the need for court rooms for them, but the legislature is expected to again approve more judges next spring.

The master plan for the four-block County Government Center includes a six- or seven story addition to the Hall of Justice, a multi-storied parking garage, and ultimately two more high-rise office buildings. Preliminary plans have been completed for the Hall of Justice and this unit undoubtedly will be the next project.

As was the Hall of Justice, the new office building was financed on a pay-as-you-go basis and was entirely paid for before the first department moved in. Not only will the county save thousands of dollars in rents, efficiency in operation will result through centralization and more adequate working space.

The government center will have the atmosphere of a huge park when completed. Streets through the area have been closed and are being landscaped as connecting malls, with easy access to all buildings. Ultimately it is planned to vacate the entire old building facing on Broadway.

Bike Thefts Reported

Thefts of four bicycles durinf the past week have been reported to Daly City Police.

Deborah Krew, 178 Cerro Drive, said her bike was taken from the Park Plaza Shopping area and James Viglizzo, 31 Westhaven Drive, said his machine was taken from in front of King Norman's Toy Center.

Two other bikes belonging to Bert A. Terlacher, 61 Park Plaza Drive, and Kevin J. O'Shea, 65 Teresa St., have been reported missing.

Civic Center Sites Appraised

Several sites for a new civic center for Daly City are being appraised at the present time according to City Manager Ed Frank.

The appraisals are necessary for councilmen to make a selection of property for the much needed facilities.

According to Frank, sites in several areas of Daly City are being considered, but no action can be taken until they are completed, probably within the next few weeks.

Knowles Ave. Work To Begin In Nov.

Construction work on the widening of Knowles ave. will probably commence in November, City Manager Ed Frank reported today.

Only two pieces of property are still objecting to the widening, and these will probably be taken to court for condemnation proceedings.

Christen Annexation Bid Expected

Two major items may come before the Daly City Council at their meeting Monday night.

The annual budget for 1963-64 is slated to be presented to the councilmen. It totals $3,400,000.

It is also expected that an application for annexation of the 800 acre Christen ranch may be made at the same meeting.

This meeting will provide an opportunity to hear and see what is being offered by the proponents and planners for the area and will give interested individuals and organizations the opportunity to ask questions of the proponents and in general to discuss this annexation.

"It is hoped that interested mebers of civic groups in Daly City will take advantage of this opportunity and will attend this meeting of Aug. 26 in order that they might be better informed of this proposed addition to our city," stated Daly City Mayor Joseph Verducci.

The county boundary commission meeting today will determine the limits of the proposed annexation, and if it passes them, as is anticipated, the petition to annex to Daly City may be made.

Shoe Is Clue In Eureka Square Daytime Theft

Police are looking for a man who wears a size nine shoe and who, with another man, robbed a Sharp Park hardware store in daylight last week.

The pair fled in a car driven by a woman. One of the men lost his shoe running from the store.

Ansell Menshew, co-owner of Park Hardware and Variety Store, Eureka Square, attempted to capture the thieves after surprising them opening a safe kept in the back.

Menshew said about $140 was taken. He said the loss might have been more, but one of the two robbers dropped a package of currency during a short scuffle with Menshew.

The owner told Pacifica police he was in the front of the store when he heard a noise in the back. He said he investigated and found a man going through the safe. After a brief struggle with Menshew, the man ran, evading the owner and several customers who tried to stop him.

The second man ran out with him.

Teenagers Involved In Stolen Car Crash

A 14-year-old Daly City boy and a 13-year-old San Francisco youngster were involved in the crash of a stolen auto into a parked car August 17. The accident occured at Santa Cruz Ave. and Hillcrest Dr.

Police say the car had been stolen from San Francisco.

The boys were taken to the San Mateo County Probation Department, Hillcrest, and then released to their parents.

"Crisis" Meet Building Funds For Hospital

A "crisis" meeting in Daly City's campaign for funds to build the new Mary's Help Hospital, was held last night (tues.) at Our Lady of Mercy parish hall. Fund goal is $1,500,000.

Campaign workers were told that this community project is now at the crossroads which will determine the campaign's success or failure.

Frank Curry, campaign chairman, stated the campaign must be made into an intensive effort and wrapped up within the next six to eight weeks.

To date, the committee has 73 names of Volunteer Workers on its organization chart. But the committee needs 468 workers.

"It is agreed that the assurance of success depends soley upon the recruitment of the necessary man-power to do the public solicitation of funds," Curry stated.

Running Child Hit by Car Thrown 24 Feet

A little girl, darting across a busy Daly City intersection against the light, narrowly escaped death, but was badly hurt, when she was struck by a car August 17.

Rosalinda Solarzano, 8, of 443 Skyline Dr., ran in front of a car driven by Sherwood A. Wakeman, 701 Plymouth, Burlingame, at Skyline Dr. and Westmoor Ave. She was thrown 24 feet by the impact.

Rosalinda was admitted to Peninsula Hospital with head injuries and possible internal injuries. She was released to go home after a few days treatment.

No citation was issued to Wakeman.

Deadline Extended For Men's Cookout

To give more men an opportunity to submit recipes, the deadline for the Westlake Shopping Centers' first annual "Cookout Championship for Men Only" has been extended through Friday, according to promotion director Wally Blake. At this time the 25 men to compete for cash and merchandise prizes will be selected.

The event is co-sponsored by Kaiser Aluminum Foil, The American Lamb Council, General Foods and General Mills. The cookout contest will be held Saturday, August 31, beginning at 12:30.

Blake said that winners of the cookout will share $100 cash and the two top winners will receive deluxe Big Boy Barbeque units which retail for $70.

Every man who enters the cookout contest will be given a special gift and will share various items of merchandise. Since only 25 men will be able to compete, churches, lodges and various men's organizations have been invited to enter a "team" con-

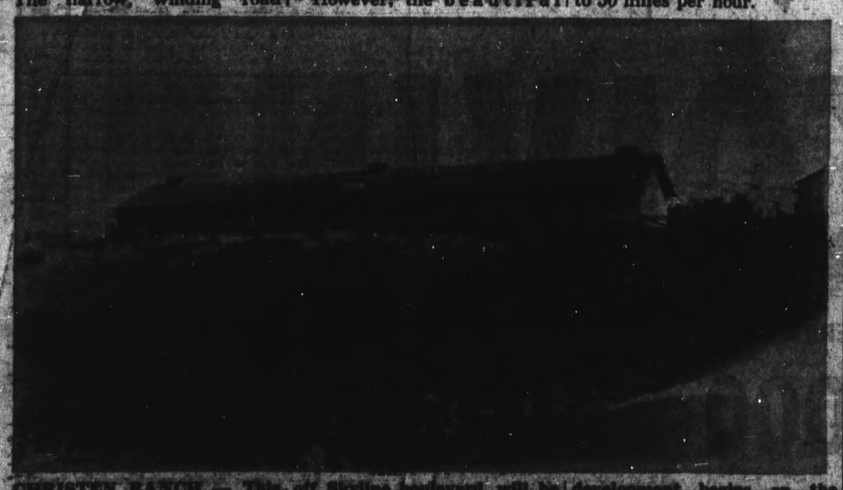
The Coming Development

End Of Era For Christen Ranch

The "Beware of Bull. Keep Out" sign in faded red paint on the weathered wooden fence. The cow ranch resting underneath giant Eucalyptus. The narrow, winding road through dense patches of trees.

All these will be gone in the future when the Christen Ranch becomes a $150,000,000 housing development.

However, the beautiful views will remain, along with a sense of being somehow "away from it all," while heavy traffic of automobiles and trucks road by at speeds up to 50 miles per hour.



CHRISTEN RANCH — This structure, Harry Christen's cow ranch No. 2, located just off Skyline boulevard, will be part of the future historical scene in the near future when development begins on the 800-acre Christen Ranch property.

Harry Christen's father moved to this site 72 years ago, running his cows on 160 acres.

The ranch is bounded on the east by Junipero Serra boulevard and on the west by Skyline boulevard. The buildings of Ranch No. 1 and Ranch No. 2 are seen from the entrances.

Christen's father moved his dairy business from Cow Hollow in San Francisco in the 1890s onto this section of land. The rest of the acreage which was eventually to total 900 and be worth $10,000,000 Christen picked up bit by bit at a relatively low cost over the years.

However, it is not for lack of money or business enterprise the Christen Dairy Ranch with its herd of 300 cows is going out of business.

It is because of the increasing value of the land they owned.

In the future, with the expected annexation of the land to Daly City, the Christen land will include a balanced community complete with single and multi-family dwellings, commercial areas, shopping centers, parks and playgrounds. A shopping center larger than Stonestown or Hillsdale Shopping Centers is planned for the 900-acre Christen Dairy Ranch property.

A new high school and four elementary schools will be located on the Christen lands.

When all this comes about it will mark the end to an era.

It will signal the end of the time when 5,000 head of cattle grazed in Colma, which was a great dairy country.

The land which has become reserved for people has become too valuable for either ranching or truck farming.

Its Apple For The Teacher Time at Westlake Center

All Bay area youngsters are invited to Westlake Shopping Center in Daly City this Saturday to share 5,000 free red apples "for the teacher." Bert Feltinton, Westlake merchants association president, reported that in spite of shortage of apples because it is early in the apple harvest season thousands of youngsters will throng to the center for a plentiful supply of new apples in the shopping center's annual back-to-school promotion.

Feltinton said apples will be distributed from 11 a.m. Saturday until 5 p.m.-or until the supply of apples runs out. The free fruit will be located at the "little red schoolhouse" on the Westlake mall. The perennial "schoolmarm" will be on hand to supervise the activities. She will ring the school bell as the apples are put out.

Fifty yellow apples will be worth a brand new shiny silver dollar to those lucky youngsters who draw them from the little red schoolhouse.

President Feltinton also announced that there would be an added hilarious attraction in the appearance of Buffles, Ruffles and Rogers, a trio of mixed-up clowns who will make animals of balloons and distribute them free to the boys and girls. Ruffles also will have performing puppets.

Saturday promises to be an exciting vacation wind-up for all Bay area school-bound youngsters at Westlake Shopping Center in Daly City.

Firemen Attend Training Meeting

Daly City firemen attended the Northern California Fire Chief's Association, Training Officers Section quarterly meeting August 14 in the City of Navato.

The purpose of such meetings is to discuss mutual problems of the Fire Service and pass these findings on to the Chiefs' Association for action and adoption. The major topic discussed at this meeting was the presents of Military Air Craft overhead, and what the Fire Service can and must do for the proper protection of life and property in our cities should a military plane be forced to land.

Motion pictures were shown of air craft accidents and how the fire department should care for the situation in controling the fire and removing the pilot from the cockpit.

Cuban Exile Talks On Freedom, Castro

"I see no way out of the situation in Cuba unless Russia abandons Castro," Antonio Martinez, former bank official in Cuba, told members of the Daly City-Colma Lions Club last week.

However, if Castro cannot hold subvert South America, and particularly Venezuela, he may be "sold down the river by Russia in two or three years," he predicted.

Martinez, now with the credit department of First Western Bank was with Banco de Nacional for 10 years prior to his leaving Cuba in 1961. In this capacity he was forced to deal with all the leaders of the Castro regime. He also attended cabinet with Castro and knew him personally at that time.

Martinez described the takeover by Castro, saying that the people wanted to find out what his program was going to be, and secondly the Cubans expected that the U. S. would prevent Communism from taking over the island when it became apparent the direction the regime was following.

While the people waited a small group of trained Communists infiltrated the government and when the people realized what had happened, it was too late, he said.

"There is no neutral position with the Communists," he continued. "You either join with them or fight them."

For those who cannot join or fight, escape seems the only way. According to Martinez, the Communists permit escapes to be arranged, but usually know about them and sink the boats soon after they leave shore.

"The worst thing about escaping is the attitude one develops," he continued. "One becomes very selfish, completely unconcerned for what is going on, and all effort is devoted toward getting away."

Martinez warned against complacency in the U.S., "Fellow travelers and party members are seeking every opportunity to get the smallest foothold. They have time on their side, an inch today, may be a foot tomorrow.

"I didn't know what Freedom was until I lost it. What happened in Cuba can happen here or anywhere unless we are more cognizant of the Communists methods."

Blacklight Military Exhibit at State Fair

Highlighting the massive Military Exhibit at California State Fair and Exposition, Aug. 28 through Sept. 9, will be the "blacklights" display now under construction at Mather Air Force Base (Sacramento County).

"Blacklights" refers to the special visual briefing rooms at one time used by Strategic Air Command. The interior of a room is painted completely black with a specialized type of paint.

Anything which is to be made visible to the personnel being briefed is coated with a flourescent paint which, under the black light's rays, appears to be brilliantly lit up.

This, according to Les Johnson, chief of visual and graphic aids at Mather AFB, makes for a highly spectacular effect and is extremely successful in either briefing or instruction of personnel.

The exhibit is being especially constructed for visitors to the Fair and will be open for public inspection during the big show's entire run.

Three individual displays will be housed in the blacklight structure. They will represent the three phases of training at Mather.

The first display will simulate the transmission of radar energy from an aircraft and the resulting image following the energy's contact with the object of detection.

A set-up depicting space navigation will occupy the second area of the building. An animated demonstration of the earth and moon in rotation will serve as a background for an orbiting space capsule.

The final section of the blacklights area will concern electronic warfare, showing how an aircraft can jam intercepting radar stations, proceed to the target area, and finally, release a missle which will be pictured as it "explodes."

Both the entrance and exit to the exhibit will be constructed so as to resemble space capsules.

Fairgoers will also find a mock-up of the record breaking X-15 rocket plane, a helicopter of the same type being used in Vietnam and an F-100 jet plane mock-up which visitors can enter and actually "fly" on the ground by manipulating controls.

Many other military displays, representing all branches of the service will dramatically illustrate the vital role played by the armed forces team and give the layman an idea of the "tools of the trade" used to achieve and maintain peace.

Historians To Discuss The American Negro

More than 400 historians from over the nation meeting August 27, 28, 29 on the campus of San Francisco State College will review the tradition of the American Negro among the wide array of topics from the past during their 56th annual conclave of the Pacific Coast Branch of the American Historical Association.

The significant thesis will be among those developed during a panel discussion, "California Aspects of Growth and Development," presided over by Dr. Glenn S. Dumke, Chancellor of the California State Colleges. Dr. Lawrence B. deGraaf of Orange State College, Fullerton, California, during this session on Wednesday, August 28, at 10 a.m. in Room 271 of the Creative Arts Building will develop the proposition, "there can be no real integration of Negroes in the present until the Negro has been better integrated into our past."

At the same hour another panel on the American Negro, moderated by Dr. Kenneth Stampp, University of California Civil War authority, will be held in Room 301 of the Education Building. Here, Dr. Arthur Zilversmit, Assistant Professor of History from Williams College, Massachusetts, develops the proposition:

"Although Negro slavery was never as important a factor in the structure and economy of Northern society as it was in the South, it was, at one time, an accepted element in that society. Its gradual and peaceful elimination in one section, while it was gaining strength in the other, was of undeniable importance in directing the nation on the path of the Civil War."

License Plate Theft

Edward Keller, 161 Park Plaza, told police Monday that someone had taken his front license plate and auto registration from his car parked on the street. Daly City police have notified the California Division of Motor Vehicles.

Ringling Bros. Circus At Cow Palace Aug. 29

"The Greatest Show on Earth"-the 93rd annual Ringling Bros.-Barnum and Bailey circus—makes its annual bay area visit next week when it opens a two-weekend engagement in the mammoth Cow Palace, Thursday evening, August 29.

Opening performance is at 8 p.m., and then twice-daily performances are scheduled Friday, Saturday, and Sunday (Aug. 30-31, and Sept. 1) at 2:30 p.m. and 8 p.m. Sunday night show starts at 6 p.m.

Then the Ringling extravaganza moves to the Oakland Auditorium Sept. 2-3-4-5, and back to the Cow Palace Sept. 6-7-8.

This year's two-and-one-half hour show, drawing large crowds throughout the nation, features a dozen new acts—many of them never before seen in America, and four completely new spectacular numbers featuring the entire cast of 350 persons.

Headlining the new performers is La Toria with her amazing one-arm giant swings high in the arena; Chevalier, an equilibrist never seen in San Francisco before; Senor Antonio, head-balancer par excellence; the Rolandos and their spectacular swinging perch performance; the Flying Waynes, featuring beautiful Mary Sanderson of Australia; the Bertinis, an amazing Czechoslavakian unicycle act, and a new high wire wizard, The Great Doval.

Once again, the human cannon performance of the Zacchini family is the climax to the two- and-one-half hours. Circus officials indicate more animals are in the all-new 1963 show than ever before. Trevor Bale brings back his lions and tigers; Hugo Schmitt is there with his trained elephants; there are camels, llamas, zebras, horses, and the amazing trained bears of pretty Herta Klauser.

Tickets are priced at $2, $2.50, $3, and $3.50, with $1 off for children under 12, on weekdays at the Cow Palace, and matinees at Oakland, and are available at the Cow Palace, Downtown Center Box Office, 325 Mason St. (PR 5-2021), and Sherman-Clay, 21st and Broadway, in Oakland (HI 4-8575).

CHURCH NEWS

Series of Sermons Based On "Nature"

Dr. dward A. Wolfe's series of sermons based on nature continues this Sunday with the sermon on "Jesus and the Waters."

The pastor announced last week's service that Mr. and Mrs. John Abbott would become the new conselors for the Junior Methodist Youth Fellowship and that Mr. and Mrs. Richard Lucas will become counselors for the Senior MYF. The evening program for the youth will officially begin on Sunday, September 15. A special Youth Banquet will be on the evening of September 13.

On Sunday, September 15, the first study period will begin for all persons who wish to unite into the fellowship of Wesley Methodist Church as well as church members.

The class, which will be held during the church school hour, will study the Methodist Church and its history, doctrine, outreach and organization.

Westley Methodist Church, which meets at Thomas Edison School, Southgate and Lincoln Avenues, holds its church school from 10 to 10:45 a.m. and the worship hour begins at 11 a.m.

Temple Judea Gift Shop Re-Opens Aug. 20

The Judaica Gift Shop at Temple Judea, 95 South Mayfair Ave., Daly City (Westlake) is re-opening on Tuesday, August 20. Hours at the Gift Shop will be from 1 to 3 p.m. on Tuesday and Thursday afternoons, until the commencement of the Hebrew School Classes in late September.

At that time, the Gift shop will be open during hours of Hebrew School Classes at the Temple.

"A complete line of gifts is available—including art calendars, Bar and Mas Mitzvah announcements, religious motif jewelry," Mrs. Hillard (Belle) Goldstein states.

Orders for Jewish New Year cards (with the sender's name imprinted) may be ordered. Those desiring Jewish New Year cards are urged to place their orders right away, as two weeks must be allowed for printing and delivery.

Anyone who is interested in inquiring about Gift Shop hours and merchandise may contact Temple Judea at PL 5-6362. Those desiring special appointments (at hours other than Tuesday or Thursday from 1-3 p.m.) are requested to contact Mrs. Hillard (Belle) Goldstein or Mrs. Mollie Davis, co-chairman of the Gift Shop at JU 7-9563.

100 Jehovah's Witnesses To Represent Daly City

Daly City—Ed Buttner, 330 Whittier, San Francisco, advocates family worship as a deterrent against juvenile delinquency. Buttner and his wife, Eilene, and their children John, age and Julie, age 2, will serve as delegates to an eight-day international convention of Jehovah's Witnesses, scheduled for the Rose Bowl in Pasadena, California, September 1-8.

At such assemblies, all members of the family serve as delegates. There is no special selection of representatives and each member of the congregation is qualified to attend. A total of 100 persons will represent the Daly City Congregation at the Pasadena convention.

Buttner is one minister that is concerned about juvenile delinquency and recommends such meetings as a means of combatting the increase in crime among youngsters. He also stresses family worship as the strongest weapon against indifference among juveniles toward God and their responsibilities to their fellow man.

"In this age of expediency," he said, "many would rather see a good example than be one. Setting a good example is not always convenient or advantageous in a competitive world. Thus, bad examples flourish," he said.

Rabbi Morris To Talk On "Rosh Hashonah"

Rabbi Herbert Morris will speak on the topic "Rosh Hashonah . . . Its Origins" at Temple Judea's Sabbath Evening Services this coming Friday, August 23 at the Temple. Services will be held at 8:30 p.m. at 95 South Mayfair Ave., Westlake.

Rosh Hashonah, which literally means the "Head of the Year," is the Jewish New Year. The season of the High Holydays begins with the Hebrew month of Elul, the month before Rosh Hashonah. During this month, every day after the Jewish morning service, the Shofar (ram's horn) is sounded to prepare the people for the coming Holydays.

Rosh Hashonah traditionally has been considered by Jews as the Day of Judgment when all mankind is judged by God and the fate of each individual is inscribed in the Book of Life.

Mrs. David Skootsky will do the Candle Blessing. The Oneg Shabbat (social) will be hosted by Mmes. Bobby Cohn, Mary Flores, and Leo Kroll.

High Holy Day Rites Are Planned

Temple Judea will hold its High Holy Day Services on Brotherhood Way in San Francisco—right near Parkmerced—at the Church of Christ this year.

Rabbi Herbert Morris and Cantor Harold Wachter will officiate.

Dr. W. Leonard Beck will direct the special High Holy Day Choir, which will sing at all Services.

High Holy Day Services will be as follows:

Rosh Hashonah Evening Service — Wednesday, September 18 at 9-10 p.m. Rosh Hashonah Morning Service—Thursday, September 19 at 10-11:30 a.m. Yom Kippur evening service—Friday, September 27 at 8-9:30 p.m. Yom Kippur Day—Saturday, September 19 at 10 a.m.until 5:30 p.m.

Brotherhood Way, located opposite Parkmerced in San Francisco, is within easy reach of the Lakeshore, Sunset, Lakeside, Ingleside Terrace, Outer Mission, Excelsior, St. Francis Woods districts of San Francisco and of course, Westlake and the Northern Peninsula communities of South San Francisco, Millbrae and San Bruno.

For those living in San Francisco, public transportation is available via the No. 17, No. 26, and No. 28 Muni bus lines.

Temple Judea will provide transportation via car pool for those who live in outlying areas and are unable to get private transportation.

Anyone interested in obtaining High Holy Day seats and information is urged to contact Temple Judea at PLaza 5-6362 or write to Temple Judea, 95 South Mayfair Ave., Daly City.

Africa Movie at Good News Chapel

"Black Gold," a feature-length, sound, color film produced by the T. L. Osborn Evangelistic Association, will be shown Wednesday, August 21 at Good News Chapel in South San Francisco at 7:30 p.m.

Filmed entirely in Nigeria, West Africa, "Black Gold" is unique in that no scenes were staged and no actors used. Events are captured exactly as they took place. Portraying the jungle of complex pagan mysteries which characterizes so much of Africa, the film has a realism which alters nearly every concept of this neglected land.

Africa, often referred to as "the dark continent," is a strange mixture of organized moslem cities with their towering mosques and poverty stricken villages dominated by witchcraft and hocus-pocus mysticism. "Black Gold" visits these towns and villages, observes a pagan fetish market, captures the hideous, unalterable tribal markings and witnesses virtually every phase of existence surrounding these benighted people.

Missionary - evangelist T. L. Osborn, of Tulsa, Oklahoma, producer and narrator of the film, has conducted mass evangelistic campaigns in over 40 countries, drawing unprecedented crowds. The effects of his campaigns are clearly evidenced in this dramatic film.

"Black Gold" will be presented by Rev. Norman Robinson, a cooperating evangelist with the T. L. Osborn Evangelistic Association. Rev. D. P. Wertz of Good News Chapel has stated that the public is invited and there is no admission charge.

Rodger Goodman, Extension Director of the Northern California Baptist Conference will be the guest speaker at both of the Sunday services of the Westside Baptist Church, meeting in the American Legion Hall, San Mateo Avenue and Huntington Streets in San Bruno.

Unification—If Ever

A proposal made last week that the hundreds of Bay Area school districts should be combined and consolidated into 30 or 40 large listricts falls into the classification of practical, but impossible ideas.

For many months the counties of California have been working on unification plans involving only a few districts. In most cases, the counties are as far apart as they were before they started.

A case in point is here in the North County Area. For economic or other reasons, the three elementary and one high school district have not been able to agree on boundaries of a Unified District. For this reason they will ask for an extension for one year as is provided by law.

We venture to state that in another year the same reasons that now exist will be stumbling blocks at that time.

In any area, unification is going to work to the economic benefit of some, to the detriment of others initially. But in the long run, it will be beneficial to all the people, particularly the student.

The rapid growth in California has created many new communities, required new schools and facilities. To shunt these people aside on the basis that "we paid for our schools long ago and they should pay for their now" is a short-sided view toward the future welfare of our people and state.

Go Fly A Kite—

Among the problems facing the Congress is action on a bill submitted by Rep. Frank Thompson of New Jersey to repeal a law that prohibits the flying of kites or balloons in the National Capital.

We would all be in the dark, Congressman Thompson told his colleagues in introducing his corrective measure, if Benjamin Franklin had been born in Washington, since, had he never learned to fly a kite we would have no electricity.

Still, despite the unanswerable logic of his position, we are opposed to Mr. Thompson's bill. This is not because we don't think small boys should fly kites, but because of the cost to the taxpayers of maintaining our solons in Washington—which has been estimated at upwards of $100.000 a year.

If this wise, protective kite-flying restriction were to be repealed, and Congressmen and Senators were freed to accept the advice of their constituents in this regard, it would be next to impossible to assemble a quorum of either House or Senate at any time.

The View From ...Behind the Badge

Written and Edited by Daly City Police Department

One-armed Bandit . . .

The business house is burgled. The thief steal a business machine in the form of an office desk calculator. The beat patrolman arrives upon being summoned, and that person conducts his investigation.

It is a simple break-in burglary, and the predator did not leave anything behind with his name on it. But he took something with a number on it, and that thing is the calculator, which is valued at $1,000.

The officer dutifully notes the number, provided by the merchant from his records. Later the investigator dictates his report on the investigation. He composes an all points bulletin teletype message, upon which he describes the occurence and creates a word picture of the loot that was taken. The serial number is included in the teletype.

The officer investigates as far as he can, and when he can go no further the case is assigned to the burglary detective. This man gets no farther than his uniformed counterpart—until, several months later, he learns that a calculator of this make and number has been repaired at a Sacramento address.

The Detective journeys to Sacramento, locates the repair facility, and determines that the machine had indeed been repaired there. The shop manager had checked the number against a list of stolen machines periodically put out by his company.

The next stop is the man who had the machine repaired. The calculator is situated on this man's desk, until the Detective removes the machine and issues a receipt for it to the person. Then the man and the Detective go to another address, which is the place whence the man had obtained the device.

The householder there admits having had the machine, and having received it from his brother-in-law. The first man is dismissed by the Detective. He locates brother-in-law, who is visiting in Sacramento. Brother-in-law is a one-armed, balding, middle aged arcade worker who has done time in his native South for forgery.

They sit in the unmarked police car on the Sacramento street, and a statement is elicited from brother-in-law by the Detective. The statement is tape recorded. The tape recorder is in plain view of the suspect. The man cops out to having knowledge that the calculator was stolen property when it was in his possession.

The suspect offers to point out the actual burglar at midnight that night, in San Francisco, at the penny arcade where he is scheduled to work. The Detective agrees to meet him there and then, and promises to send his suspect to prison if he fails to show up. The meeting is agreed upon.

The Detective returns to Daly City, and at midnight drives to the arcade. There he learns that the suspect, scheduled to work at midnight, had phoned earlier and quit his job.

The Detective is not pleased. He knows now that he will not get his burglar. But he has made a promise to the one-armed bandit. The next day he starts making his arrangements. Later, he again journeys to Sacramento, and there he swears out a complaint against his suspect for possessing stolen property in that jurisdiction.

Still later, he again goes to Sacramento and appears as a witness at the preliminary hearing of this felony. He gives the calculator as evidence and testifies against his thief. The Judge holds the suspect to answer in Superior Court for trial. It looks like the officer will go once more to the State Capitol to keep his promise.

The costs of offshore oil operations are staggering. Some deep-water drilling rigs cost more than $6 million each. The cost of operating such a facility can run as high as $17,000 a day.

Something for Everyone

By Samuel Chandler

Once Hendrick Van Loon wrote: "History is the record of man in quest of his daily bread and butter."

The titles in the Mainstream of American History series take this record out of the past and place it in the realm of popular reading.

One of the most widely read titles is "Men to Match My Mountains," by Irving Stone. This is the record of California, Nevada, Utah, and Colorado from 1848 to 1900. Here the story keeps rolling along with tales of men who tamed the Rockies and cut the Sierra Nevadas down to size. Here the threads of diverse cultures—the Spanish in California, the Mormons in Utah, the gold rushers, the cowboys and the sheepmen—are woven into one story by a master craftsman.

The history of the Civil War is too big a story to be crammed between two covers. Yet Bruce Catton's attempt in "This Hallowed Ground," is an exciting book. Nothing seems to be omitted. The blood, the screaming bullets, the maneuvers, the wrecked hopes, the ravages, the prisons are described as the story flows from one event to another.

"The Lonesome Road," is the story of American negroes during and since the Civil War. Its author, himself a negro named Saunders Redding, presents the colored man's turmoils, his hopes with clerity as well as sympathy.

"From Lexington to Liberty," is the history of the American Revolution by Bruce Lancaster. "Glory, God, and Gold," is Paul Wellman's record of the Southwest. "Land of Giants by David Lavender is the story of the Northwest.

Other titles are: "The Age of the Fighting Sail, by C. S. Forester. "The age of the Moguls," by Stewart H. Holbrook. "The land they fought for," by Clifford Dowdey. "The men who made the nation," by John Dos Passos. "Dreamers of the American Dream," by Stewart H. Holbrook, and "The Angry Scar," by Hodding Carter.

The entire Mainstream of American Series is under the editorship of Lewis Gannett, distinguished critic and writer. The publishers, Doubleday and Company have received several awards for this series.

WOMEN'S ACTIVITIES

A Rude, Stubborn Child? Maybe He Is Creative

Time was when a youngster who was messy, stubborn, rude and lazy was apt to be heckled at home and razzed at school.

But this is the new age of research. And research says the messy, stubborn, rude and lazy youngster may be just the type the nation needs. He may be creative.

Look at it this way, say the researchers: what you would normally think of as messy, stubborn, rude and lazy may not be MSRL at all to the youngster involved. In fact, to him MSRL may be a higher type of order, logic, courtesy, and activity.

It's quite possible, they say, that the creative youngster may actually need to be MSRL in order to be creative. It may be tough on parents and teachers but the creative youngster might need a certain amount of mess around him if he's to delve deeply into the things that fascinate him. And his rudeness may mean he's thinking, and therefore inattentive to the social amenities.

E. Paul Torrance of the University of Minnesota who has conducted extensive studies to determine creative characteristics of young children, believes they prefer to learn, not by authority, but in creative ways in which they can explore, manipulate, question, experiment, and test their ideas. He has also found that stubbornness . . . and indifference to the ideas of others . . . is one of the pervasive characteristics of creativity. But parents and teachers too—have demanded that children learn by authority and have tried to overcome stubbornness.

He says, "It would appear that it is more important to teachers in the United States that their pupils be courteous, do their work on time, be energetic and visibly industrious, be popular and well liked by their peers, be receptive to the ideas of others, be well rounded, and be willing to accept the judgments of authorities—than to be courageous." And parents think the same way, he says.

"Obviously, such a pattern of values is more likely," he concludes, "to produce a people ready for brainwashing than one able to resist it and to think creatively."

He suggests that teachers—and by implication parents—relax their authoritarian ways by making assignments which call for original work and by asking questions which call for original answers—not just the "right" answer. He says youngsters' unusual questions and ideas should not be dismissed out of hand. And their attempts to do things in a different way should not be stunted.

This will not necessarily make for peace and quiet in the classroom—or in your home—but your youngster may have research on his side.

Fashions are by Bentoff's with luncheon at 12:30 p.m. Price per person is $2.50.

General chairman of the affair is Mrs. William Kaya, and co-chairman, Miss Maureen Corrigan. Reservations are being taken care of by Mrs. Louis Lasher, AT-2-3602. Raffle tickets chairman is Mrs. Rita McGrath, and publicity is being covered by Miss Dorothy Jackman.

The general theme is the step forward look for St. Peter's; a study of matching style to architecture.

Truly a community organization is the League of Women Voters who hold regular monthly meetings discussing a wide variety of community problems both on local, state, national and international level.

The Westlake unit of the League of Women voters who are affiliated with the San Francisco unit will begin their fall season next month after a summer recess.

The local unit together with other Bay Area units have joined together for the next year in a study and evaluation of "land use in the Bay Area with focus on parks, open spaces and shore lines." In addition they will study and discuss other community problems. Each meeting is most stimulating with discussions many times becoming quite exciting.

New officers who will lead the group for the coming season include Mrs. Lionel Farber, chairman, Mrs. Gladys Nuckolls, discussion leader and Mrs. James Knotek, membership chairman.

The first meeting of the local group will be held at the home of Mrs. Troy Daniels on September 11th. A cordial invitation is extended to all community-minded women to participate. For more information, telephone membership chairman, Mrs. Knotek at PL 5-9119.

Do give her a ring. We're sure you'll find the monthly discussion most interesting and stimulating as well as a real contribution to the welfare of your family and community.

One of the charter members of the Westlake Unit of the League of Women Voters is your "community leader of the week." She has participated in the group's activities ever since its inception. She previously served as chairman of the group for several terms and this year has agreed to again be chairman.

She also has given many volunteer hours to other community organizations such as the PTA and Boy Scouts. Active in the Daly City Friends of the library she is now on the Board of Directors for the coming year and served as chairman of their nominating committee. One day a week she works as a volunteer at the University of California hospital.

We salute Freda Farber as our community leader of the week. Mr. and Mrs. Lionel Farber have been residents of Westlake for 13 years and live at 159 Wilshire. Their sons are attending college—John is a sophomore at the University of California Medical School and Bill is a sophomore at the University of California at Riverside.

OLPH FASHION SHOW — Mrs. Ray Chelone (right) and Mrs. Dorothy Bergin, make plans for Our Lady of Perpetual Help Fashion show to be held at Thunderbird Hotel.

Be The Judge At State Fair Consumer Poll

SACRAMENTO-Avoid snap judgements, they say. But at the California State Fair and Exposition, Aug. 28 through Sept. 9, personal opinions are welcome.

The popular Consumer Reaction Council, located in the Woman's Building, gives consumers the opportunity to pass judgement on leading food and beverage products, identified only by code number.

Trained hostesses offer Fairgoers samples of the products submitted for public survey. After "taste testing" the sample, consumers are asked to fill out brief forms noting degree of like or dislike.

Not only the public, but manufacturers benefit from the council's results. After tabulating the survey of nearly a million people, producers are better able to tailor-make their product to the consumer's preference.

More than 50 leading food processors are expected to enter their wares in the highly competitive event.

Coveted State Fair gold medals are awarded to products with the highest public reaction ratings. Processors may then display the medal which testifies that their product was best by "taste test."

State Fair officials agreed that it would take a long time to make a meal of the free food samples, but fullsized meals served in California homes will be better because you—the public—have been judges.

State Fair Aug. 28

SACRAMENTO — The accent will be on youth at this year's California State Fair, Aug. 28 through Sept. 9. Thousands of youngsters will participate in scores of events designed with youth in mind. And the Fair will admit kids under 16 free.

EUROPE BOUND Patricia Wentzel, daughter of Mr. and Mrs. Vera Wentzel, 471 Northhaven Drive, Daly City will attend the University of Aix-Marseilles in France next year. She is sponsored by the Overseas Program of the California State Colleges and plans to be a teacher of French and English in secondary schools. Patricia graduated Cum Laude from San Francisco State College last June. She graduated from Westmoor High School in 1959.

Two Daly City Men Reassigned To Miss.

Two Daly City, Calif., men are being reassigned to Greenville AFB, Miss., to attend technical training courses following completion of United States Air Force basic military training at Lackland A.F.B., Texas.

Airman Richard O. Williams, son of Mr. and Mrs. Harold O. Williams of 630 N. Mayfair Ave., will attend a course for personnel specialists. He is a 1963 graduate of Westmoor High School.

TV and RADIO

Good news for the high and college set is that Macys again this year is sponsoring their annual fall fashion show, "Fresh Young World of Fashion" to be seen over KPIX this Thursday at 7 p.m.

Adding glamour to the program will be pert Cindy Carol, star of "Gidget Goes to Rome," who will model several of the fashions and will also share some of her thoughts on Rome, acting and education with the young TV audience.

The format of this year's show will be similar to last year which cleverly utilized campus, stadium, prom scenes as backdrops for the fashions. Over sixty outfits will be modeled from fake furs, casual wear to date clothes.

We are delighted to know that Macy's is continuing to sponsor fashion shows on television. As we have reiterated so many times in our column, television is just made for fashion shows and for the life of us we cannot understand why stations do not schedule them on a more regular basis. Also we feel that they should be in color. If you feel as we do, drop a note to the KPIX program department or the sponsor and let them know that you would like to see more televised fashion shows.

Tuned in on the new "Debbie Drake" exercise show the other morning over KGO-TV and frankly we were disappointed. No question about it, Debbie is a most attractive television personality and her routine of exercises is good, but there as no music. Everyone needs music to inspire one to exercise. Also we don't like the time (7 a.m.) when the program is scheduled. Now really fellows, you don't expect busy homemakers to be able to follow exercises at that time. We like the 8:30 a.m. time of your farmer exercise program much better.

TV DATE TO JOT DOWN: Annual Jack London Art Festival will be telecast from Jack London Square, this Saturday, Aug. 24, 2 p.m. over KTVU.

A colorcast "The Voice of the Desert" with Joseph Wood Krutch narrating over KRON-TV Aug. 22, 10 p.m. Also over Channel 4 on Aug. 24, 12:30 p.m., program titled "TV: The New Frontier in Learning" which covers the subject of television in the classroom.

A first in the United States is the six-part serial "No Wreath for the General" to be telecast in six parts over KPIX, scheduled Aug. 26-31 at 7 p.m.

Over KQED debut of new program "The Mass Media" covering the subject "Is Television Meeting Its Responsibility" to be seen, Aug. 22, 10 p.m.

Realty

A University of California Extension Certificate in Real Estate has been awarded to Raymond F. Sullivan, of 15 Midvale Drive, Daly City.

The certificate is awarded to licensed realtors and to persons in related business fields who have completed an extensive program of study in basic principles and specialized phases of realty practice.

U. C. Extension conducts the certificate program in cooperation with the California Real Estate Association and the State Division of Real Estate. It is designed to help realtors stay abreast of changing commercial, economic and legal aspects of the industry, and to assist in raising professional standards through continuing education.

An important date for localites this weekend is the "Musical Parade of Stars and Tea" with various television personalities entertaining. The affair will be held on Aug. 24 at St. Patrick's Seminary in Menlo Park as a benefit for the Seminary given by the Catholic Daughters of America. Tickets may be secured from Mrs. Charles Wettstein (Lo 4-9511).

California Fair State's Show Window

California's big State Fair will open in Sacramento next week (Aug. 28) with all the excitement and interest that attends this wonderful event.

This year's fair will be different from its predecessors in at least two ways. It will be the longest held in recent years, 13 days with the inclusion of Admission Day, Monday, Sept. 9.

It will be the first since the Legislature made possible moving the Fair to its new 1,100-acre site along the American River at an estimated cost of $30 million. It is the beginning of the end of the Fair at its present site.

The California State Fair is the State's show window in addition to providing entertainment around the clock. The rich and varied county exhibits in the air-conditioned Counties Building are worth the price of admission. Here on display in all their vast variety are the raw materials and manufactured products which have made California great in eye-catching displays presented with color, humor and taste.

There are also the flower show, wine industry show, art exhibits, home economics exhibits, livestock and poultry shows, educational and commercial exhibits, horse races, stock car races, rodeo, band concerts and a lot more. Oh, yes, and a beauty contest to chose the "Maid of California."

See you at the Fair!

POST OFFICE construction begins at the new site at Sullivan avenue between 38th and 39th street in Daly City. The 25,000 square foot building was scheduled to be completed by the first of the year. The new post office, to be the largest in Daly City, will have an interior space of 23,670 square feet with an area of 39,160 square feet for parking and movement of postal vehicles.

Pirate Crew Raises High The Black Flag

Tony "Jolly Roger" Moss and his PAL Pirate crew ran up the black flag this week and scuttled the Bender Roofing midgets 28-6.

Moss handled mound duties for 5 innings allowing the Roofers 4 hits.

Rich Hall took over in the 6th and the Roofers came to life as he hit the first two Bender Batters then Ron Herwell hit a double, scoring both runners. Hall found the range at that point and put down the next three batters in a row.

Starring for the Pirates this week was Jerry Mahood who blasted a grand slam homerun, going 3 for 3 and scoring himself 3 times. Glass was the losing pitcher for Bender as the Pirates handed him badly.

They took 6 hits and 5 BBs off him in the first inning, one a triple by Moss with 2 aboard and Mahood's grand slam. Six costly errors hurt the Roofers also.

Inability of the pitchers to greave the ball gave the Pirates 14 BBs. Only 6 Pirates died on base so the count of 14 hits and 14 walks were turned into a pile of runs. The Pirates look like they have an easy time the rest of the way. The only teams left to challenge them are the OLPH Grays and the BYA Blues. The Grays have won one and lost one while the Blues have not been able to break the ice. Losing to the OLM Wolves, the Grays don't figure to turn the trick.

Relish Bakers Moves Into Lead

By Jim Grealish

Bakery moved out in front in the Intermediate League this week with a pair of wins. The Bender Roofers fell before the Bakery boys in an 11-3 ballgame. Mario Sandoval handled the chucking chores for the Bakery. Bender batters Ball and Guzman were the only ones to find the ball in the 2 hit performance. Joel Carrara held the Bakery to hits but they managed to parley them into 11 runs. Sandoval hit 3 for 3 and scored twice. Gary Soules nailed 2 for 2 while Gary Stang accounted for the other hit.

Later in the week Vic Yerby took his turn on the mound for the Bakery against the OLM LEOPARDS. Yerby was as stingy as Sandoval was with hits. The Leopards collected only two. Both of these went to Spieth for 2 for 2. Bakery batters were unkind to Leopard pitcher Spelth.

Gary Stang went 3 for 4, Yerby and Ron Judd 2 for 2, while Sandoval and Joe Anibale collected 1 each. Final score Bakery 7, Leopards 1.

Billiard 9 Sunk 20-3

The Daly City Internationals took a stronger grip on first place in the Adult Lob Ball League this week defeating the Daly City Billiards team 20-3. Next hurdle for the Internationals is the rejuvenated Daly City Fireplug team. The Fireplugs walloped the Notables and then played a cliffhanger with the Toros to a final score of 7-6. A & G Vacuum moved into contention last week with wins over the Billiards 18-10 and the Playboys 8-8. If the Fireplugs knock off the Internationals, it could mean a 3 way tie for first place.

Games this week at 6:00 p.m.

Saints Win In Second Round, Drop Jeff A.C.

The San Francisco Saints continue their winning ways as they knotched their second win in the second round of play in the Tri-City Baseball League by downing the Jefferson A.C. club 4-1. Jim Weber was tough on the mound for the victorious Saints as he allowed only two hits and the unearned run in pacing the San Francisco nine to their seventh straight victory in this summer league sponsored by the Daly City Recreation Department. Garnering only three hits from Jeff pitcher George Egan, the winners took fine advantage of them in scoring their four runs.

Other second round action has been slow with this week being the first full week of games. Last night saw a South Sunset A.C. and Westmoor BYA battle while Saturady the South Sunset Club will face the Saints. On Sunday at Marchbanks Park, Westmoor and the Saints will collide and the Jeff A.C. and South Sunset will play.

Skyline Downs PAL Cubs 1-0

Skyline Plaza pulled the rug out from under the PAL Cubs this week. With the Plaza leading 1-0, the Cubs came from behind to blast out 5 runs and take the lead in the top of the 5th. Up to this point, Marv Smith and Ron Mini had been engaged in a mound duel.

BYA Skyline Plaza came up in the bottom of the 5th against Mini and the outlook was bleak. But unfortunately for the Cubs, Mini crumbled as the Plaza lambasted the ball. R. Smith singled twice in the 5th while Fitzgerald, Rodriguez, Nanini, M. Smith and Taylor all hit. This was the 23rd win of the season for the Plaza.

The Cubs took revenge on the PAL Dodgers later in the week. Glen Broadbent allowed the Dodgers 3 hits, one each for Dowdle, Macheli and O'Donnell. The Cubs took 9 hits off Becker, 2 going to La Rosa, the others to Parodi, Irv Jones, Bob Banos, G. Carter, G. Velez, R. Mini and Broadbent. Bob Banos joined the homerun club this weekand the Cubs pulled off another double play to stop a Dodger rally. Kubowitz's Dodgers are making the competition work for a win after coming up from the Intermediate league in midseason. The 8-2 loss promises the Dodgers as a real contender in the Junior League next year.

It's SPARE TIME at the Westlake Bowl

By Jim Grealish

Saturday was Elks Night at Westlake as over 200 Elks and their ladies were on hand to bowl in the Elks Summer Travel League—and a good time was had by all.

Tom Collins made a clean seep in the final night's Sweeper of the 99'ers Mixed Fives as he rolled games of 237-236-200 for a 673 total to take home all the loot.

An even 600 series gave Irwin Penn the leadership in the Westlake Knolls League as he rolled a big 209 game.

Jerry Mannini led the Classic Doubles for the week with a big 221 game and 814 series for four games.

Two games of 235 were registered in the Automatic Travel League Monday as both Bob Colhour and Don Acton rolled big games, Don posted a 644 series while Bob's series total was 630.

High rollers in the Northgate Mixed Fives were Linda Sargent with 178-515 and Al Benedetti with 233-567.

Westlake Bowlers lost a bowler, a friend, and a sponsor last week with the untimely death of Pat Bollentini popular owner of the 101 Club and a bowler-sponsor in the 865 Scratch League. Pat will be sadly missed by his many friends.

Fred Thompson moved into first place in the Singles Division of the Ora Swanson Southpaw Tournament as he rolled a 669 series to take the weekly prize of $25.00 In the Doubles Division the weekly prize winners also became the new leaders as Harry Hood and Joe Maurino posted a 1269 total.

Winter league bowlers are flocking into the registration desk to insure spots in the various leagues. With a complete range of days, times and types of leagues, Westlake will once again offer groups for all members of the family, beginner and advanced. Once again there will be a full schedule of Junior activity on Saturday morning, plus the Father and Son League on Sunday mornings. Registration blanks for all leagues are available at the desk.

The first Annual No-Tap Tournament is off to a flying start with the distribution of the first week's rolloff prizes. Winners in the first weekly rolloff were Ruth Maniscalco, Isabelle McPherson, June Tarczy in the ladies' division and John Brown, Karl Ostberg and Gene Tarczy among the men. The Tournament continues until September 2. Bowlers must roll at least once during the week to be eligible for the weekly rolloff.

Flying into the Flue

A trapped bird sent the Daly City fire department howling down San Jose Ave. last Sunday morning to the Gabriel Flores residence, 3308 San Jose Ave.

Armed with a screw driver a fireman removed the kitchen exhaust flue and rescued the bird. After refastening the flue with the screws, firemen pondered as to why a bird should fly into a flue.

Serra Bowl News

Henrietta Scheer set the lanes afire at Serra last week with her superlative shooting in the Ladies' "300" Scratch Doubles league. "Hank" blasted a towering 222 - 596 series to lead the league and pace her team No. 5 to a 3 game sweep over team No. 3 by a total margin of 220 pins!

Top prize in the weekly "No Tap" tourney for ladies this time around went to Beckie Cascino who tallied a nice 715 trio with handicap. Remember girls this event runs all week at Serra from 9 a.m. to 4 p.m. with payoffs and free merchandise drawings on Fridays.

Ed Tatarian tumbled a mighty 247 - 620 in 775 Boozers action while watching his Spring's T.V. team drop 2 out of 3 games to the fired up S.F. Silents who have really caught the winning habit lately.

In Tuesday Twilighters league play Roy Boyd tagged the lanes for a hefty 235 - 630 series and paced his S. & W. Storage team to a 3-1 win over the Royal French Bread five.

In the 850 Scratch league team No. 4 swept 3 games from San Bruno Glass on Ron Scheer's 213 - 609 shooting. In other action Earl Friend Sr. tossed a classy 214 -588 to lead Cristoni's Mobil in a 3-game win over Susie's Do-Nuts.

Eakin & Eakin took 2 out of 3 games from Aetna Roofers; Tom Soule's 217-570 was high for the winners while Bill Nassano paced the losers with a 547 trio.

Al Sarhad powered a 232 high game to top off his 549 series in the 810 Scratch league and helped the Ed Michaels Construction team salvage 1 game from a Strong David's Delicatessen and Restaurant team.

Dave Folb tallied 205-571 in the Monday Metropolitan league to lead X-Ray Inc. to a 3-1 decision over Dinks.

Roy Franchini took high individual scoring honors in B&G Mixed league action last week with his steady 202-583 which helped the Bombers to a 4-game clean sweep over team No. 5. Not far behind in the solo honor department was Bryce Lee with a strong 215-579 threesome.

Ed Olsson, 151 average bowler and manager of Serra's Friar Room, paced the L&S Auto Wreckers to a 3-1 loss under the Teasers in recent 750 Masters league play. Ed, bowling on a hot night, powered a steady 129-359 series only to be edged for high series in the final 30 frames by opposing team member Riley Edwards who sneaked by with a 223-580 total. Pat Tobin rolled high for the loop with a tough 244-603 tally.

What Every Woman Should Know About Her Automobile

By WENDY WHEELER
Auto-Torium Feminine Driving Consultant

What a picnic spread! The precooked canned ham, potato salad with juicy tomato wedges, fruit punch, and a huge watermelon. Some favorite neighbors invited us up to the mountains for this outing. She's a famous cook. Our kids were starved.

Then we ate. Sun-warmed ham, lukewarm potato salad with mushy tomatoes, tepid punch—and what really got me—hot watermelon. It's just plain wasteful. Why, it costs no more to keep food cold in the new containers and refrigerants than it does to buy ice blocks that ruin floor matting.

You can go two ways in equipping for the family picnic. The minimum is a very nominally priced plastic foam chest. It won't break, is rather light, and holds the temperature of its contents for several hours. The smaller sized ones are excellent for long drives that may never end in a picnic, but give the driver a ready snack supply for rest stops. Don't forget the thermos jug of cool drinks!

The second suggestion is a lifetime answer to the food packing problem. A full scale metal chest lined with fiberglass insulation that keeps its temperature for THREE DAYS is now on the market. I rushed out to get one, proud of solving the problem, and created another crisis.

Friend husband has also been looking, too, for a foolproof treasure chest for trout. Now my find disappears regularly on weekends, many times just loaned to "the boys."

When Old Dad himself goes on these trips, and insists on doing his own shopping, you know who ends up packing it. And while I'm contracting the three giant boxes of his favorite crackers, year's supply of pancake flour, and chocolate coated baby bumble bees, I always throw in a couple of potatoes and oranges and hope he doesn't come back with the scurvy.

I always include plastic bags of gelatin which have frozen in my refrigerator and are reusable. For just a little over a dollar, two pounds of this Zero-Pak is equal to ten pounds of ice! (Meat and produce shippers have used it extensively, and it just became available for us.) So when the great fisherman returns with the catch, the poor little things haven't been crushed or saturated with melting ice.

As for me, I use the packs to chill the watermelon and barbecue meat. And you never know when you'll get a sprained ankle and need a cold, wet, dripping, frozen application for it.

With these cool ideas, all inexpensive, I've converted my philodendron planter and my crockery lemonade jug to a vase.

Weddle, Clark On Attack Carrier

[illegible] E. Weddle, fire[illegible] of Mr. and Mrs. [illegible] of 6781 Mission St., Daly City, and [illegible] Clark, figure[illegible] [illegible] Clark of 200 [illegible] Plaza, Daly City, Calif., are serving aboard the attack aircraft carrier USS Ticonderoga which recently returned [illegible] and one half months deployment with the Seventh Fleet in the Western Pacific.

During her Far Eastern cruise Ticonderoga visited such ports as Hong Kong, British Crown Colony; Yokosuka and Kobe, Japan and Subic Bay and Manila in the Philippines.

Ticonderoga's crew numbers more than 3,000 officers and men.

She will spend approximately nine months in San Diego, Calif., her normal operating port, before Ticonderoga leaves on her next overseas assignment.

A. Glaser Appointed VFW Committee Man

Abel Glaser, 767 St. Francis Rd., Daly City, has been appointed a member of the Veterans of Foreign Wars National Committee on Rehabilitation and Welfare Service to serve during the V.F.W.'s 64th Annual National Convention in Seattle, Wash., Aug. 23-30. Announcement of the appointment was made by Byron B. Gentry, Pasadena, Commander-in-Chief of the Veterans of Foreign Wars of the U.S.

In making the announcement, Commander Gentry said: "I am happy to be able to appoint Glaser to serve on this committee during our national convention in Seattle. The work of this committee is close to the hearts of our entire membership, and I feel certain that he will serve in a very outstanding manner."

Clodhoppers Continue Summer Hoop Leaders

The Clodhoppers continue to maintain their division lead in the summer basketball league sponsored by the Daly City Recreation Department. The Mission St. five kept in front of the LONG division action by downing the lanky Rangers 39-27, while the undefeated Clippers stayed right behind the leaders with a forfeit victory over the Rams.

Last night's tussle in the Westmoor gym will decide division championship as these two teams squared off.

In the Clodhopper's victory, Ed Larios' scrappy rebounding and 16 points, Bill Jones' outside shooting, and Steve Willis' 13 points were the keys to their continuing winning ways. The losing Rangers had the height but not the shooters as they couldn't maintain a sustained attack. The remaining played game in the LONG division saw the Whalers move into third place by downing the Celtics 69-32. All five Whaler starters scored in double figures as they completely outclassed the undermanned Celtics. Mike Hannigan was the top scorer of the game with 16 points as teammates Jim Mason and Bill Vance scored 14 points each and Rich Atkins and Mike Frank 13 & 12 respectively, to pace the potent Whaler attack. Lanky Brock MacLaran was top man in the Celtics' attack as he scored 15 points. The remaining scheduled division game saw the Gunners forfeiting to the Rascals.

The Knights cinched a tie for first place in the SHORT division by romping to their fifth straight victory with an easy 52-16 win over the Linda Mars. Jim Belfrage's 12 points and Captain Tom Houston's topnotch playmaking were the keys to the Knights' continuing victory streak. Jerry Benson contributed 10 points to the Knights' scoring attack.

The Linda Mars were paced by Captain Bill MacPhillips' 7 points. Matt De Bernardi and Steve Zarate were the big guns as the Challengers stopped the Half Pints 49-39 in the week's top SHORT division game. De Bernardi's 15 points, mostly from the top of the key, and Zarate's playmaking and 12 points were the keys to the Challengers victory. The victors pulled away from a 21-18 half time lead and dominated third quarter play to break the game wide open. Phil Lyon's all around play and 12 points paced the determined Half Pint cause. Other division action saw the Hawks take a forfeit victory from the Nats and the Half Pints down the Breakers 63-29 in a practice tilt behind Phil Lyon's 26 point outburst.

SAVED HIS LIFE—The Daly City-Colma Junior Chamber of Commerce Seat Belt Clinic to be held Aug. 24 and 25 at the Serra Bowl Parking lot points up the need for this type of protection. This car was going about 65 miles per hour when it went out of control after passing another car, rolled over and was totally wrecked. The man standing beside the car was the driver and he survived without a scratch. His seat belt saved his life. The seat belts can be seen hanging. The belts are priced at $6.25, tax included and are approved by the highway patrol.
